CONSUL FROST OF QUEENSTOWN
REPORTS LATE ADDITIONS
TO SUBMARINE TOLL.

GERARD WAS EXONERATED

Foreign Secretary Zimmerman Says
the Charges Are Proven
Groundless.

(Associated Press)
Without Date-German Foreign Sec-
retary Zimmerman told the reichstag
today that the allegations against Ger-
mer U. S. Ambassador Gerard, on in-
vestigation, had been proven ground-
less. He mentioned the particular
charge that Gerard had issued Ameri-
can passports to Englishmen.

Sweden Neutral
Strict neutrality will be the policy
of the new Swedish cabinet, says a
statement by the new ruler, Premier
Carl Swartz.

French troops successfully attack-
ed German positions south of Ailette
river.

Americans Missing
Consul Frost of Queenstown has
reported that British steamer Snow-
don Range and the Booth liner Crispin,
with Americans aboard, a num-
ber of whom have not been accounted
for, have been sunk by a submarine
without warning.

The Crispin, 2500 tons, left New-
port News for Liverpool, laden with
horses. She was torpedoed off Hook
Head, the explosion killing four men,
two of whom are believed to have
been Americans. In the crew of 112
were 68 Americans. One boat with 19
survivors, including the captain and
10 Americans, landed at Queenstown
and a second dispatch says 49 Ameri-
cans from the Crispin landed at Mil-
ford Haven. Those not killed on the
Snowdon Range, including four Ameri-
cans, took to the boats.

Both Were Armed.
The Crispin and Snowdon Range
were armed, the latter carrying a gen-
eral cargo and powder from Philadel-
phia.

Can Still Have Peace.
It is reported that the Austro-Hun-
garian foreign minister in an inter-
view stated that the entente could
conclude an honorable peace with the
central powers at any time and that
the proposal for a peace conference is
still good.

THOUGHT CHURCH WAS ON FIRE

Ashton People Had Real Scare This
Morning.

(Special to Telegraph)
Ashton, Mich. 31.—Considerable ex-
citement was caused here this morn-
ing when an alarm of fire was turn-
ed in from the Catholic church. The
chemical and hose cart were hurried
to the scene but the call proved to be
a false alarm. The scare was caused
by smoke issuing from cracks be-
tween the bricks, which filled the
building with smoke.

DIPHTHERIA MAY CLOSE SCHOOL

Sanders School Near Ashton May Be
Closed for Fumigation.

A case of diphtheria in the neigh-
borhood of the Sanders school near
Ashton may cause the closing of the
school next week while fumigation of
the building is going on. Though the
child having the disease is not of
school age it is feared germs may be
lurking about and the steps will be
taken as a precautionary measure.

recruiting there. The Rock Island
company is reported to be badly in
need of men.

Staggering Totals Of Amounts Spent On War By England And Germany

By George Martin
(United Press Staff Correspondent)

New York, Mich. 31.—The end of
the British fiscal year and the closing
of subscriptions to the new German
war loan fell on the same date, today,
bringing into the limelight the stag-
gering totals of cash spent on the war
thus far by these two belligerents.
England has spent more than Ger-
many, her total to date being nearly
19 billion, or \$18,759,240,000. Eng-
land estimates she is spending approx-
imately \$27,807,700 a day in her
fight to whip Germany. Germany has
spent \$16,750,000,000 in her attempt
to whip England. This includes the 4
million dollars sought in the new Ger-
man loan, subscriptions for which
closed today. It was last December
that the British ambassador of the ex-
chequer asked for the latest \$1,948-
000,000. At the same time the call
went out for a million more men of
all ranks. This million men brings
the total number of British subjects
under arms and in training up to 5
million. Germany has approximately
10 million men under arms and in

GUARDS MUST TAKE HAY OATH OR QUIT

Most of Illinois Militia Have
Already Acted.

Chicago, Mar. 31.—Members of the
Illinois national guard who do not im-
mediately take the Hay oath were or-
dered released from federal service by
the war department.

Nearly ninety per cent of the First
Illinois infantry, which has been mobil-
ized for federal patrol service, have
taken the oath. Officers announced
that the few who have not made the
pledge will be asked to do so im-
mediately.

Fifty per cent of all the guardsmen
in Illinois took the oath before the
present crisis, Adjutant General F. S.
Dickson has announced, and steps will
be taken immediately to enroll all the
other members of the militia in the
state.

KENNEDY HAS NO AXE TO GRIND

Successful Drayman Promises Effi-
ciency If Elected.

To give proper attention to the
many miles of highway in Dixon
township, for the improvement and
maintenance of which he will be sole-
ly responsible, it is necessary that the
voters elect next Tuesday have the abili-
ty to superintend the work and the abili-
ty to give it his whole attention.
John P. Kennedy if elected prom-
ises to devote his entire time to the
work. He has been successful in his
chosen business, which he promises
to turn over entirely to his son, who
traveled all of the roads of the com-
munity and knows their needs, and
has the business experience to give
the people the most for their money.
A vote for John P. Kennedy is a vote
for a man who has no axe to grind
and who will be an overseer of the
highways in the strictest sense of the
word.

GERMAN RAIDER SEA EAGLE SINKS VESSELS

FRENCH BARK REPORTS MEET-
ING SECOND SEA TERROR
OFF BRAZIL.

HAS SUNK NINE OR MORE SHIP

Washington Hears Battleships Have
Found German Subsea Base
Near United States.

(Associated Press)
Rio Janeiro, Mch. 31.—Slipping by
the British warships in the North Sea
a new German raider, the Seeadler
(Sea Eagle) has reached the South
Atlantic and with the same success
and daring of the raider Moewe has
destroyed nine or more merchantmen
with a total tonnage exceeding 26-
000.

The French bark Cambonne ar-
rived here yesterday with 285 from
the crews of vessels sunk by the raider,
while one report said many sailors
had been drowned. The Cambonne
met the raider two-thirds of the way
to the African coast on a line to Rio
Janeiro and was 22 days in reaching
Brazil. The raider carried two guns,
16 machine guns, three masts, wire-
less and loaded mines, which explain
the destruction of many vessels off
the Brazilian coast.

Left in December.
The raider, which is commanded by
Count Unke, left Germany Dec. 22,
escorted by a submarine. Several of
the destroyed ships were laden with
grain and sugar. It is said the Em-
peror and Crown Prince alone knew
of the expedition.

Explains Submarines.
New York, Mch. 31.—The mystery
of 18 submarines reported captured
by an American warship in an anonym-
ous cablegram from the Panama
zone was cleared today by Rev. and
Mrs. Candor of Presbyterian Board
of Foreign Missions, who upon their
arrival here said the "submarines"
were merely a procession of harmless
targets in tow of seven warships.

HAS JOINED NAVAL RESERVES

Edward Baldwin, Home On Visit, To
Enter Electrical Dept.

Edward F. Baldwin of Dixon, who
has been wireless operator on the
"Illinois," for the past three months,
arrived in Dixon today for a short
visit with his parents and friends. He
is on leave of absence, at the expira-
tion of which he will go to the Naval
Reserve station north of Chicago and
enter the electrical engineering corps.
He has joined the reserves and his
service at the station will give him an
opportunity to become a finished
electrician in addition to being a wire-
less operator.

ENTER TEAMS IN TOURNAMENT

Dixon Y. M. C. A. To Compete in Meet
At Freeport.

The Dixon Y. M. C. A. has been in-
vited to enter volleyball and bowling
teams in a tournament to be held at Free-
port on the evening of April 3. Mr.
Major has selected teams to represent
the local association and to compete
with the men from the other cities to
be entered—Sterling, Galena, Belvidere,
Elgin and Freeport. After the
battles the warriors will gather at a
banquet in Freeport Y and fight them
all over again and bring out alibis.
The men who will probably make up
the team are: Bowling, Raymond, C.
V. Chapman, Rogers, C. Self, W.
Poole, Glessner, Volney Ball, Leland,
Hazen, Major, Sutterlin, Feister, Der
Kinderen.

"MAMMA'S ANGEL CHILD DIED

Esther Starring, Prototype of Ross'
Pictures, Passed Away.

Esther Starring is dead.
The little girl—long since grown
up—who was the prototype of "Pen-
ny" Ross' genius of fun, died yester-
day at her home in Oak Park after a
short illness.

For years, through the drawings of
Mr. Ross in the Sunday Tribune, she
was only and affectionately known to
the children of Chicago as "Mamma's
Angel Child." She belonged to them,
and to others who are no longer chil-
dren.

Esther Starring was a niece of Mr.
Ross. I was her childhood capricious-
ness that gave him the idea, sev-
eral years ago, of passing on her joys
and sorrows and griefs.

The real Esther Starring became a
woman, but her childhood remained
for the children who knew her.

Four years ago she was married to
George P. Reinhart, an electrical en-
gineer. She is survived by her hus-
band and a 3 year old daughter.

AID ALLIES, URGES TAFT

Former President Says U. S. Should
Give Men and Money.

Kansas City, Mar. 31.—Actual par-
ticipation with the entente allies in
fighting Germany was advocated here
by William Howard Taft, former pres-
ident, in addressing the chamber of
commerce at its noon luncheon. Mr.
Taft declared he believed it to be the
duty of this country to place its navy,
its fighting men, its money and its
credit at the service of the nations at
war with Germany.

"Germany has announced she will
continue lawless homicide," he said.
"Are we going to permit that? I know
we are not. Every American citizen
has the right of protection from for-
eign invasion both at home and
abroad. We are on the side of the
law."

POSTPONE BIG RALLY TO WEDNESDAY EVE.

COMMITTEE IN CHARGE OF MEET-
ING DECIDES UPON A
LATER DATE.

TO AWAIT WILSON'S ADDRESS

Country's Course of Action Will Be
More Definitely Outlined
Then.

An anticipation that the president's
address to congress Monday or Tues-
day will crystallize the international
situation, the committee in charge of
the monster patriotic mass meeting
announced for Monday evening has
decided to postpone the rally until
Wednesday night. The place will be
named later.

It was thought best to wait until
Wilson had returned his indictment
of Germany and made his recommen-
dations to congress before holding
the meeting, for then it will probably
be definitely known just what course
of action the United States will take
in its fight for freedom of the seas
and humanity.

A number of prominent speakers
have given assurance that they will
assist in the meeting, the Chamber of
Commerce and Moose bands have of-
fered their services and, in fact, ev-
erything points to a great rally next
Wednesday evening.

CHALMERS CAR IN 24-HOUR TEST

NON-MOTOR STOP TRYOUT CON-
DUCTED UNDER A. A.
SANCTION

By Harold Johnson
Another page was written yester-
day in the record book of the Chal-
mers Motor Company when a stock
seven passenger, six-thirty Chalmers
touring car rolled up in front of the
James Levy Motors Company, 2257
Michigan avenue, completing a twen-
ty-four-hour high-gear, non-motor
stop, traffic run, during which it
traveled 586.8 miles. The jaunt was
made primarily in the nature of an
efficiency test, to demonstrate the
flexibility of the motor in loop and
the general city driving and the av-
eraged established—24.43 miles an
hour.

The run was held under A. A. A.
sanction, and the personal super-
vision of L. R. Hillman, Chicago rep-
resentative of that organization,
who warmed a seat in the Chalmers
throughout the twenty-four hours,
from 12:20 Monday afternoon until
12:20 yesterday noon.

First and second gears were re-
moved before the start and the hood
was sealed on the left and right
sides and opened only under Hill-
man's supervision to admit the re-
plenishing of oil. At no time during
the round-the-clock grind did the
motor stop.

Leaving the local salesroom at
the start the car was driven north in
Michigan Avenue to the loop, where
it was given the acid test on a check-
er-boarded junket through the
crowded thoroughfares. Then fol-
lowed a swing around the boule-
vards and principal streets, with fre-
quent return trips through the loop.

The drivers experienced their great-
est difficulty in moving
through the traffic congestion be-
tween 8 and 9:30 o'clock yesterday
morning. The fact that the car did
all this work on high and was not
handled by special factory drivers
speaks volumes to the prospective
purchaser.

Oscar Robinson and Roy F. Metz
of the James Levy Motors Company,
mechanical corps, handled the car
throughout the trip, Robinson driv-
ing from 12:20 p. m. Monday until
7 Monday night, when relieved by
Metz, who kept the wheel until
4:20 Tuesday morning. Robinson
then stuck through to the finish.

SLAIN SOLDIER IS HONORED

Private John Poor Given Military
Burial at Edinburg, Ill.

PANA, ILL., Mar. 31.
A military escort of six members of
Third coast artillery accompanied the
body of Private John Poor, twenty-
two, from Fort Williams, near Port
land, Me., to his home at Clarkdale,
northwest of Pana.

The funeral was held at Edinburg
with military honors. All business was
suspended, the public schools closed
and the Edinburg band headed the
cortege. Poor was shot on the night of
Mar. 22 by one of two men he halted
after they had penetrated a line to the
big coast guns which he was guarding.
The murderer escaped.

BIG BAND OF CUBAN REBELS SURRENDERS

Government Forces Capture Be-
tween 500 and 600.

Havana, Cuba, Mar. 31.—Virtually
all the soldiers and civilians compos-
ing the rebel forces of Rigoberto Fer-
nandez in Oriente province, between
500 and 600 in number, surrendered to
Colonel Varona at Guantanamo.

In surrendering the rebels gave up
30,000 rounds of rifle ammunition,
with sixteen dynamite bombs. Fer-
nandez himself is still at large.

The forces that surrendered in-
cluded two and one-half squadrons of
cavalry, two companies of infantry,
one machine gun section, one trans-
port section and 100 civilians, to-
gether with all officers and equipment
of the troops.

Rafael Manduley, liberal candidate
for governor of Oriente province, ac-
companied by several prominent men
of San Diego de Cuba, also surren-
dered.

DIXON MEN ARRANGE TO ATTEND BANQUET

INTERESTING Y. M. C. A. CONFER-
ENCE TO BE HELD IN CHI-
CAGO APRIL 4-5.

The Y. M. C. A. state committee of
Illinois has arranged for a conference
at the LaSalle hotel in Chicago April
4-5, a sort of council of war in which
its work in the state as a whole will
be discussed. Secretaries from the in-
ternational committee, expert in their
line of work, will give addresses and
lead the discussions. Mr. Roberts, sec-
retary for county work and Hatfield
industrial secretary, will handle those
two subjects. The feature of the con-
ference will be two addresses by Dr.
John R. Mott of New York, leader of
the world wide organization of the Y.
M. C. A. He will speak at a banquet
at the LaSalle hotel Thursday even-
ing on "War and the Y. M. C. A." In
that address he will discuss at length
the situation in Europe, the work the
Y. M. C. A. has done there and is still
doing and the responsibility of the
American associations as long as war
lasts. In view of the present condi-
tions it is likely their responsibility
to our own troops will also be consid-
ered.

Several of the directors and mem-
bers of the local Y are planning to at-
tend the banquet to hear Mott's ad-
dress. This is open to any member or
citizen who wishes to attend. Ar-
rangements for reservations may be
made at the Dixon Y.

Rock Falls Girls Defeated Dixon Young Ladies In Remarkably Close Contest

(By Edward Ryan)

Dixon High girls made five while
their old rival, Rock Falls, "went
them one better," and scored 6
points. The game staged at the "Y"
floor was characterized by "air
tight" defense from both parties in-
volved. The guarding on both sides
was very creditable, and that any
one was able to score, was more
good luck than anything else.

The game went about 15 minutes
before either side became acquainted
with the basket. After a vacation of
about 15 minutes for the scorer some
visiting lady tried scalping trick and
was severely reprimanded by the
referee, Miss D. Campbell yet one
over and the score stood 1-0. Rock
Falls claiming the latter numeral.

Then, Burling made a basket from
the field, thus ended the first act.
Score: Dixon 1; Rock Falls 2.
The second half Mary Rosbrook
clad in uniform and marched F.
Ives, C. Beiers, G. Santje, G.

(Associated Press)
Washington, Mch. 31.—The presi-
dent, having with the cabinet defi-
nitely decided upon a course of action
to meet the national emergency, to-
day set about reducing his conclu-
sions to writing. Definite recommen-
dations for consideration of all na-

the exception of purely military steps
are being worked out for submission

SUNDAY CONCERTS AT LOWELL PARK

Plans are under way for the hold-
ing of a series of band concerts on
Saturday afternoons this summer at
Lowell park. The proposition has
been put up to the park commission
and that body has expressed itself as
being in favor of the plan. Sunday
concerts would prove a great attrac-
tion at Lowell and would greatly in-
crease the popularity of that beauti-
ful place.

rymen attempted yesterday to cap-
ture Chihuahua City but was driven
back with a loss of 500 prisoners, 350
killed and wounded, 250 horses and
several machine guns. Villa remained
at a safe distance from the firing line.

VOTERS OF DIXON TOWNSHIP

Not having announced my candi-
dacy for Commissioner of Highways,
I take this way of reminding you that
O. L. Baird is still in the race and
asks the support of his friends on
April third. It is ballots that count
and each voter interested in well-
kept roads should indicate that inter-
est by voting. Should you not exercise
that right and duty, Mr. Voter, Mrs.
Voter, Miss Voter, you can have no
occasion to grumble about roads.

You learned something of me dur-
ing the twenty years I was in the
greenhouse business, so shall need no
introduction to many of you. Con-
cerning the roads, it would be my
aim to personally oversee all work,
to engage capable men and give this
township full value for its money.

Before coming to Dixon I had some
experience in road making. Having
lived in the country where one can
easily discern the defects in road con-
struction, when he must drive over
them, there often comes the wish to
utilize the knowledge gained.

The Heart of the Cabinet Exclusive Hoosier Ideas

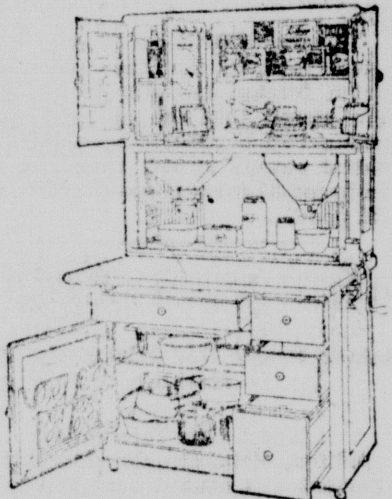

Storage space is essential in a kitchen cabinet but convenience is indispensable! Look at the part illustrated in the oval above—that is the heart of the cabinet—the active helper in your kitchen work—the section that has made the "Hoosier" the preference of more than a million women.

Lifetime Convenience—Mealtime Delight

You will need a big table space to work on. The Hoosier gives it. You want it uncluttered by partitions and cubby holes. See the room above and around the Hoosier's aluminum or porcelain sliding table top.

- Exclusive Hoosier Improvements**
- 1—All metal flour bin with glass front.
 - 2—Gear-driven shaker flour sifter.
 - 3—Revolving spice jar rack.
 - 4—Ingenious, big capacity sugar bin.
 - 5—Big, broad cupboard space, with plenty of room to work—not hampered with partitions.
 - 6—Doors with handy trays that hold small utensils, or new roll doors without extra cost.

There is storage space above and below, with places for 400 articles within arm's reach. There are 40 labor saving inventions like extra hands to help you.

There is nothing better—this cabinet is the finality.

\$17.50 Upward—Pay \$1.00 a Week

The factory is making now its second million Hoosiers. Enormous output makes possible our low prices. Make a small payment now and have the Hoosier delivered at once, then pay the balance \$1 a week. This will avoid all waiting—so come at once.

Does Your Sleep Really Rest You?

Do you get up in the morning refreshed and invigorated—fit for a good day's work? Maybe the bedspring you sleep on is responsible for "that tired feeling." You can't expect to get a good night's rest—no matter how long or how soundly you sleep—on a bedspring that is stiff and unyielding, or that sags and forces you to lie in a cramped position. You should be able to relax completely—just let go of yourself—sink off into slumber with a feeling of supreme comfort and restfulness. The

Way-Sagless Spring

induces that kind of sleep. Its surface conforms to your body in any position, offering a gentle, yielding support to your shoulders, arms and hips.

The secret of the everlasting comfort and restfulness of the Way Sagless Spring is in the patented hollow cable construction. This "Magic Seven" hollow cable is spun from seven highly tempered steel wires and stands a strain of 200 lbs. without a permanent sag. The complete spring supports a weight of 7 tons without permanent stretch or sag, and yet it is delightfully resilient and elastic, giving a sense of luxurious ease. It is noiseless, all metal, sanitary, germ-proof and it can't tear the bedding.

STARVED ROCK AND DEER PARK

(Delivered by Mrs. F. X. Newcomer before Chapter A C, Illinois P. E. O.)

(Continued from March 26th issue)
On this ideal spot, discovered by these two missionaries, as inaccessible as an eagle's nest, in November of 1683, the French under La Salle and Tonty, assisted by a few Canadian and a number of Illinois Indians, began the erection of Ft. St. Louis. This was immediately following their return from the discovery of the mouth of the Mississippi river, and the point selected was an ideal one.

Two years before it had been selected the rear and this was crowned, and now having finally decided on establishing a permanent colony of Algonquians upon the Utica meadows, he determined to build here a

NO INDIGESTION, GAS OR STOMACH MISERY IN FIVE MINUTES

"Pape's Diapiesin" for sour, acid stomach, heartburn, Dyspepsia

Time it! In five minutes your sour, acid stomach feels fine. No indigestion, heartburn, or belching of gas, or eruptions of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in sweetening upset stomachs. It is the surest, quickest and most certain stomach antacid in the whole world, and besides, it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapiesin will save them from such misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapiesin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make you stay agreeable. Eat what you like and enjoy it, without dread of acid and fermentation in the stomach.

Pape's Diapiesin belongs in your home anyway. Should one of the family eat something which doesn't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement due to fermentation and acidity, at day time or during the night, it is handy to give the quickest, surest relief known.

fort for their better protection.

They cut away the forest crowning the summit, utilizing the timber thus obtained, for building of store houses and dwellings for the officers and men, including a warehouse for peltry, and a chapel. Then, with great labor, logs were dragged up the steep pathway at the rear and the rock completely encircled with a palisade fifteen feet high.

A parapet, covered with earth protected the hear and this was crowned with wooden spikes, iron pointed. Scarcely was the work completed before a vast Indian village began to grow up about it, and the sturdy adventurers soon looked down upon thousands of black tepees, scattered far away along the banks of the river, where squaws labored, warriors lounged and children played in the shadows.

Representatives of almost every tribe in that country flocked there to dwell in supposed safety beneath the promised protection of the "Fleur de lis". Ft. St. Louis became immediately the mecca of the distressed Algonquians. It is estimated that in less than three months four thousand Indians were encamped within sound of the morning and evening guns. High above, the little garrison of Frenchmen looked over their palisades and felt themselves indeed masters of the wilderness.

The scope of the work confronting La Salle and particularly his political and financial difficulties in Canada, permitted him to pass but little time in carrying out those gigantic plans which he had centered about the fort.

The history of La Salle is so intimately connected with the destinies of the vast empire of the Northwest that we shall pause a moment to glance over his life work.

Born in 1643 in Rouen, France, the son of a wealthy merchant, he came to Canada at the age of twenty three, to seek his fortune in the new land, where he studied Indian languages and Indian nature, both of which he came to understand thoroughly and completely, and his relations with the Indians were always singularly happy.

He made many expeditions of discovery and was the first to explore the Ohio river and in reward for his discoveries was ennobled, and having the friendship of Frontenac, the Governor of Canada, he obtained liberal grants of lands which he was to explore and settle. In the summer of 1679 he built on Lake Erie the "Griffin," the first vessel, except the Indian canoes, to sail the Great Lakes.

This is a story sad and heroic, of constant struggle, not only against the inhospitable wilderness, but the continued conspiracy of enemies in Canada—through it all La Salle battled on grimly to the end, a brave, pathetic figure, and has written his name indelibly across the heroic annals of the West. To his patient fortitude America owes him an enduring memory as the pioneer who guided her to her richest heritage.

While making a journey in search of the lost Mississippi, La Salle was murdered by his own men on Trinity river, Texas, March 19th, 1687.

In the spring of 1683 the inhabitants of Ft. St. Louis were obliged to rally their men to a common defense of the rock against a sudden attack of the invading Iroquois. After six days of fighting, during which several desperate attempts were made to storm the defenses, the savages were obliged to retreat.

Comparatively little is known of what took place within or without during the existence of this fort, or of the personnel of its constantly changing garrison. Probably little of solidary pomp was ever observed, the employed being more deeply interested in profitable fur trading or adventurous exploring than in military exercise.

In a letter written by La Salle from the Chicago portage, June 4, 1673, he states that the garrison then consisted of but twenty men, having scarcely a hundred pounds of powder, while at another time he claims to have accomplished his entire work in the Illinois country with the help of only twenty-two Frenchmen.

From this centre, however, many an exploring expedition set forth along the waterways or pushed forward into that unknown country away from the familiar water courses. Various tribes were visited in their far off encampments, and a quite profitable fur trade rapidly established. Numerous missionaries made headquarters on this rock, roving far among the tribes in order to convert the savages.

Of the presence of white women at Ft. St. Louis, there is little record, although there were such, while many members of the garrison found sufficient solace among their red neighbors.

Here, until the autumn of 1683,

La Salle and Tonty remained with their little guard of Frenchmen, amid that large surrounding body of savages. Then La Salle departed on his final trip to France and Tonty was left there alone and in supreme command of the Illinois country—its first governor.

While often obliged to yield command temporarily to others, Tonty remained practically supreme at Ft. St. Louis until its final abandonment in 1702. The old fort was later re-occupied by the French, although not in a military way, and as late as 1718 a number of fur traders were still making it their headquarters.

The story of Tonty's life is most fascinating—faithful, loyal, and devoid of fear, few indeed are the characters in frontier history more attractive. Having lost a hand in Sicily, he had it replaced by one of iron—"main de fer" or "hand of iron" he was called by the Indians, who feared and yet respected him. A story goes that a blow from his hand was to be feared almost as much as a shot from his firearm.

I. O. O. F. Grand Lodge

Representatives of lodges from Pennsylvania, Wisconsin, Iowa, and Minnesota, as well as from seventeen lodges in the state attended on Friday the sessions of the Grand Lodge and School of Instruction of the Independent Order of Odd Fellows held in Dixon at the I. O. O. F. hall. Grand Master A. Otis Arnold of Quincy, Ill., had the work in charge. About three hundred in all were in attendance at the school, which held sessions at 10:00 a. m. and 2:00 p. m., while at the evening session, which was thrown open to the public, the hall was crowded.

The morning session was devoted to instruction and study in the unwritten work of the order, under the direction of Dr. C. A. Robbins, Chief Examiner and Instructor. The afternoon session was called to order by the Grand Master, Mr. Arnold, who turned it over to Dr. Robbins. He in turn placed Deputy Grand Master, H. M. Blood, of Chicago, in charge. Ritualistic instruction was given, with a study of the initiatory degree from two until forty-third.

The Grand Master conferred the Grand Lodge degree, assisted by Deputy Grand Master H. M. Blood and Grand secretary John H. Sikes of Springfield, in their special capacity. They were assisted in turn by William Fritz of DeKalb as Grand Warden, Dr. C. A. Robbins as Grand Master, Charles Johnson of Polo as Add I. O. O. F. Grand Lodge, Grand Conductor, and C. Gomer as Grand Chaplain, Charles Herriek as Grand Guardian, and Arthur Dugdale of Ashton as Grand Herald. The work of conferring the Grand Lodge degree lasted until six o'clock, when adjournment was taken for dinner.

The public session was largely devoted to a program of music furnished by Hester Secrist, the twelve year old girl musical prodigy from Lincoln, Ill., and to addresses by Deputy Grand Master H. M. Blood of Chicago, and Grand Master John H. Sikes of Springfield, with Dr. C. A. Robbins in charge.

The audience was filled with amazement by the wonderful genius of little Miss Secrist, who gave a performance exhibited show extraordinary.

and notice these features:

The John Deere Pony Tractor Plow can be used with any standard tractor—a wide range of hitch.

It can be operated by the man on the tractor.

All the bottoms can be raised high and level—it is a power-lift plow. A pull of the rope and the bottoms are raised; another pull, and they are lowered, and the tractor does the work.

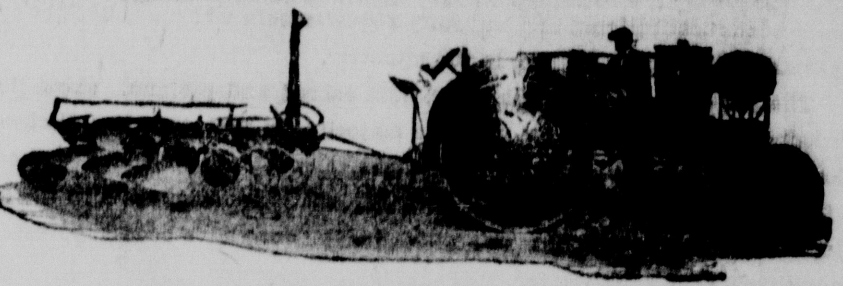

Stiff hitch plow can be backed.

Furnished with two, three or four John Deere bottoms—the standard plow bottoms for over seventy-eight years. There is a John Deere bottom made especially for your soil.

Quick detachable shares—only one nut to remove to take off share, and it is conveniently located.

Plow can be equipped with John Deere combination rolling coulters and jointers, adjustable to insure good work under all conditions.

Plow is made the John Deere way—it stands the strain. Beams will not spring or break.

NO SUPPRESSION OF REASONABLE DEBATE

To those who take a dispassionate view of the dramatic closing scenes in the senate at the recent session of congress, it is apparent that there was no issue over a reasonable limitation upon debate. Few, if any, advocate unlimited debate. The real question was whether the majority shall have the power to prevent a reasonable amount of discussion in a body supposed to be deliberative. Consider the facts.

The majority in control of the senate so conducted the work of that body as to place before the senate in the last few days of its session a large number of gravely important measures. Most important of these, from every viewpoint, was the bill which proposed to give the president practically unlimited power to use the military forces of the United States in international affairs. That bill was presented at so late a date that opponents had no adequate opportunity to present to the senate and to the country their opposition thereto.

Fully half of the time following the presentation of that measure was occupied by its advocates, rather than by its opponents. It came with exceedingly poor grace, therefore, for President Wilson to make a vicious attack upon those men who had not been given opportunity to discuss the bill and who refused to consent to a vote until such opportunity had been granted.

There is much plausibility in a plea that "majority should rule." Those who give to the subject only a passing thought will accept this as conclusive argument in favor of a stringent cloture rule. But it should be borne in mind that while this is a government by majorities, it is also a government operating under constitutional and statutory requirements which are designed to guarantee an adequate hearing to the minority.

The pages of the world's history, both sacred and profane, show that wisdom has not always rested with the majority. In fact, time has disclosed that frequently the minority has been right. A moment's reflection will call to the mind of any person familiar with the most important facts in the development of civilization, that minorities many times have been suppressed, though right, and progress retarded thereby.

Effective government undoubtedly requires that a majority shall have the power to rule, but preservation of liberty and promotion of progress also require that the exercise of that power shall be guarded with such restrictions as will protect the minority in its right to be heard. The purpose of such a guarantee is not merely to gratify the personal wishes of the minority, but to give the people of the nation the benefit of the opinions and advice of those who, although in the minority, have the confidence and the courage to stand out against the majority in what they believe to be right.

The amendment to the rules of the senate, though providing a means of closing debate, does not provide for a vote until each member has had opportunity to be heard. It will be a sad day for the popular government when the senate of the United States adopts a rule which shall materially impair opportunity for full and free discussion of the carefully considered opinions of men who have been chosen to represent constituencies in that body. The senate, more than the house, the executive or the supreme court, is the safeguard of constitutional government.—Freeport Journal-Standard.

THE LAW OF HAMMURABI

Thousands of years ago a good man by the name of Hummarabi lived in the valley of the Euphrates river. He was a king of Babylon and he laid down a set of laws for the government of his people.

These laws have been preserved to us through being inscribed on stone. One of these stones was discovered some years ago after workmen had dug to the foundations of the old city of Susa buried beneath the sands of the ages.

The laws of Hammurabi were simple and just. There was no long lingo of legal terms. A man was told what he could do and what he could not do instead of how near he could come to breaking the law and still keep on the safe side.

The justice meted out by Hammurabi probably had in it some of the elements of that of a Russian court told of in "Ufimsky Kraj" as after this fashion:

At the session of the township court a lawyer appeared in place of the accused.

"What are you doing here, sir?" asked the justice.

"I represent the peasant, Vasil Antonoff."

"Oh, is that so?"

Addressing the clerk, one of the justices asked:

"Ivan Ivanovich, would it not be well, as an example, to give him the flogging due Vasil for his temerity?"

"Assuredly," assented the scribe. "It would be consonant with the law."

Turning to his associate the justice asked:

"How many lashes? Think ten would suffice?"

"Eh, that is not enough. Twice ten. Besides it will not be Vasil who will be flogged."

"Very well, clerk. Write 'Sentenced to twenty stripes.'"

"But permit me to observe," protested the lawyer, "that I have not had any opportunity to be heard in behalf of my client. It is now my turn to argue—"

PRINCESS THEATRE

Tonight the Princess will present Dan Russell in a two reel comedy entitled "The Battle, Let's Go." Also Mona Darkfeather in "The Red Goddess," a two reel drama. A scenic reel will also be shown.

Sunday Eleanor H. Abbott's serial story, originally appearing in Everybody's Magazine, has been translated into a Bluebird photoplay and the result will be exhibited at the Princess with Ella Hall and Herbert Rawlinson enacting principal roles. Their supporting company will include Doris Pawn, Gretchen Lederer, Marc Fenton and Thomas Jefferson. The production was made by Robert Z. Leonard, who will be remembered by followers of Bluebird photoplays as the producer of those previously delightful stories, "The Crippled Hand" and "The Love Girl" in both of which Ella Hall was the leading lady.

ALLIES MUST HAVE PASSPORTS

(By United Press)

Madrid, Meh. 31—All aliens found in Spain, beginning Sunday who have no passports, will be subject to fine and expulsion. No aliens will be permitted to enter Spain without a passport after Sunday. At that time a systematic registration of all aliens will be undertaken. This measure is taken because the country has been overrun with spies, a small army of whom is informed as to the sailing of all vessels from Spanish ports.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel Backache or have bladder trouble—Take glass of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

TO THE VOTERS OF DIXON TOWNSHIP.

I feel that next Tuesday we are going to face one of the largest problems that has been put up to the voters of Dixon township, for some time. That of picking a man, who for the next three years, is to hold our most responsible position "single Highway Commissioner".

I trust that every one will stop and think just how much this means to them personally, and to their township. That they will vote as they would if they were picking a man personally, and look at the matter in a true business light, picking the best equipped and qualified man.

In regard to my own candidacy, will say, that while in the City Council here, I was chairman of the street committee, and a member of the Board of Local Improvements. Since then have been on several of our brick jobs, as foreman or inspector. Was foreman on the large sewer contract put in a couple of years ago. Have been out with the engineers in laying out, and estimating work, and during all this time have made a special study of all kinds of road building and repairing.

I live here in the city, the center of the district, and will have no personal roads or district to benefit, hence will be in a position, if elected, to be impartial to all. I have no other business that will interfere with the people's interest and will endeavor to be on the work with my men, at all times.

Now again I ask you to look at the matter as purely your personal business "that of the best man for the office".

Thanking you for your consideration of this matter and hoping that you will see fit to favor me by voting for the last name among the highway candidates next Tuesday, I am

Yours truly,

R. C. BOVEY.

Eram of her own piano compositions Mexican-American War, Dr. Lucas' Favorite, Josephine, Rebekah Assemblage, Urbana Encampment, Ejeria, and Valse. Not only did her compositions, but her playing as well was full of expression and accomplished with an ease and exhibition of technique that would well become a much older artist. It may be interesting to note here that there are 227 children at the orphan's home at Lincoln who are given every opportunity to develop themselves along the lines for which they seem best fitted. The Odd Fellows have sixty-two of these homes in this children.

The talks by the officials of the Grand Lodge also proved highly interesting. Deputy Grand Master Blood told of the personnel of the order, its origin, and the work that it is accomplishing. He was followed by Grand Secretary Sykes, who in his always happy manner, gave another excellent talk on the work of the order and what was done with the funds of the order, making special reference to the charity work of the order. Each year sees a sum of \$6,000,000 expended for charity—for flood sufferers, and others in dire distress, not only for those within the order but also for thousands who are not.

Philathea Class
The Philathea Class of Grace church will hold its regular monthly meeting Monday evening at the home of Misses Vivian and Audrey Graves, 510 North Dixon Ave.

To Visit in Freeport
Mr. and Mrs. George Eichenberg and Mr. and Mrs. Jacob Egler will go to Freeport this evening to be guests at the Charles Sheetz home. Mrs. William Sheetz, of Savanna, a daughter of Mr. and Mrs. Eichenberg, will also be a guest. Mrs. Sheetz is in charge of the musical program at one of the Freeport churches tomorrow evening.

To Une in Sterling
Norman Eichenberg will motor to Hume tomorrow to be joined by Mr. and Mrs. Clyde Baughman and baby and the party will then drive to Sterling where they will be entertained at dinner at the May home.

At Oregon Institute

Misses Agnes M. Prindaville and Mary E. Murphy returned last evening from Oregon, where they attended the Teachers' meeting in session there the past week.

Surprise the Leonard Whipples
A group of friends, twenty-five or thirty, united in surprising Mr. and Mrs. Leonard Whipple Friday evening. Four handed progressive euchre was the diversion of the evening, with a pleasant digression when Judge Hill furnished the company with two of his favorite numbers. Mrs. Parmley won the head prize at euchre and C. H. March was consoled. A tempting little supper of sandwiches, pickles, cake, and coffee followed the games.

To Madison
Mrs. C. A. Demont has gone to Madison to visit her daughter, Mrs. Charles Reynolds.

From U. of I.
The students of the University of Illinois, making their home in Dixon—that is quite a number of them—will be coming home Thursday for a brief vacation. These will include Irving Countryman, Dement Schuler, Harold Woodruff, Robert Fulton, Edward Howell, Carl Kling, Charles Anderson, Robert Warner, J. Milton Williams, Edward Kurtzrock, Miss Josephine Nichols, and Miss Clara Armstrong.

G. A. R. Circle Rag Bee
The ladies of the Grand Army Circle held a tag bee at their hall yesterday.

today, with about twenty of the members present. A scramble meal was served during the luncheon hour, and greatly enjoyed by all. Much work was accomplished during the day.

St. James Aid
St. James Ladies' Aid society will be entertained at luncheon by Miss Clara Buckman next Wednesday afternoon. The regular business meeting of the society will be held at the same time.

Sunday in Rockford
Mrs. Elmer Countryman and daughter went to Rockford today to spend Sunday with her mother, Mrs. S. Sheaff.

To Hold Musicales
St. James Ladies' Aid society will hold a musicale at the St. James church next Thursday evening to which the public is invited.

Freedom of Will.
Professor—The result of our investigations for the past half hour is that man has freedom of will. I regret that I cannot continue the subject today, as I have to go shopping with my wife.—Fliegende Blaetter.

More than half of Australia has an annual rainfall of less than fifteen inches and more than one-third less than ten inches.

One cubic foot of gold weighs 1,155 pounds; one cubic foot of cork weighs fifteen pounds.

It were good for man to have some anchorage deeper than the treacherous quicksands of this world, for these drift to and fro in such a way as to baffle all conjecture.—Carlyle.

Why They Are Cleaner.
"Women's minds are much cleaner than men's," said a woman to her husband. "They ought to be," replied her husband. "They change them so much oftener."

What Reading Does.
The profoundest service that poems or any other writings can do for their reader is not merely to satisfy the intellect or supply something polished and interesting nor even to depict great passions or persons or events, but to fill him with vigorous and clean manliness, religiousness, and give him good heart as a radical possession and habit.—Walt Whitman.

Question With Two Sides.
Bacon—If you want to live long keep active. Egbert—I don't know about that. Take the toads, for instance; they only live about fifteen years, and they are always on the jump.—Yonkers Statesman.

Choose the Fact-Six for Your Car

The Fact-Six is the car with "The Marvelous Motor," developed and refined to a point approximating perfection through four years of conscientious manufacturing effort.

The Fact-Six is the car which checks in so many essential details of design and construction with the highest priced high-grade cars.

The Fact-Six is the car with the big cast aluminum crank case extending from frame to frame.

It is the car with Bosch High

Tension Magneto ignition instead of the cheaper and less efficient battery ignition.

It is the car with silent chain drive for motor shafts.

It is the car with durable light-running annular ball bearings in transmission, differential and rear wheels.

It is the car with full floating silent spiral-bevel-gear rear axle.

It is the car with scores of other high-grade features not found in other medium priced Sixes.

The Fact-Six is The Chandler Six, Greatest of All Light Sixes

These Are Facts, Not Claims

THERE is no other six more flexible in control, more responsive to your every demand, than the Chandler.

There is no other which will pull hard grades on high with greater ease.

There is no other so economical in operation.

There is no other which embodies in its design and construction so many features characteristic of high-grade high-priced motor cars.

There is no other of more beautiful body lines or greater riding comfort.

There are five attractive Chandler types of body, all mounted on the same great Chandler chassis. Most popular of these, of course, are the big seven-passenger touring and the graceful four-passenger roadster. No other roadster of any design or any type has ever attained a degree of popularity even approaching the popularity of this Chandler model.

7-Passenger Touring Car	\$1395
4-Passenger Roadster	1395
7-Passenger Convertible Sedan	2095
4-Passenger Convertible Coupe	1995
Luxurious Limousine	2695

The Chandler Motor Car Company is this year building 25,000 Chandler Sixes to supply Chandler demand. In spite of the great daily production at the Chandler factory, there were nearly 3,000 unfilled immediate shipping orders on March 19th.

D. A. R. OF ILLINOIS STANDS BY NATION

Asks Women of State to Up-
hold the President.

DANVILLE, ILL., Mar. 31.
Resolutions urging all citizens to
uphold the traditions of their revolu-
tionary ancestors and to back Presi-
dent Wilson and congress to the last
man and the last dollar, if necessary,
were adopted here by the state con-
vention of the Daughters of the
American Revolution. Three hundred
delegates from fifty-four chapters
cheered wildly when the resolutions
were read. The re-election of the old
officers was expected.

Springfield was chosen as the 1918
meeting place.
SPRINGFIELD, ILL., Mar. 31.
Illinois womankind are to be called
on to assist the United States navy in
recruiting the volunteers asked by
President Wilson.

The Springfield recruiting office re-
ceived instructions to enroll a "citi-
zens committee" to stimulate recruit-
ing in which, it is pointed out, wom-
en can play an important part. Wear-
ing of ribbons with the inscription
"Join the navy" and sewing recruiting
banners are two of the ways they can
help, say the instructions.

Destroy Standard Oil Property.
HOMER, ILL., Mar. 31.
Mr. and Mrs. Dwight Mills and
three children have arrived at their
home at Homer from Roumania,
where they have been the last eleven
years. According to Mr. Mills, prop-
erty valued at \$1,500,000, belonging to
the Standard Oil company, has been
destroyed by the Germans in Rou-
mania.

Orphanage Seeks to Come Back.
CARLINVILLE, ILL., Mar. 31.
The criminal charges against exec-
utives of the Holiness Orphanage at
Carlville, recently closed by the
state because of insanitary conditions,
have been dropped. The building has
been remodeled and an effort is being
made to have the charter restored and
the children returned.

Mad Dog Crusade On.
ROBINSON, ILL., Mar. 31.
The mad dog scare about Robinson
caused the health authorities to begin
prosecutions of owners of dogs who
do not muzzle them. Dogs have not
only bitten persons, but hogs and cat-
tle. Several persons have been taken
to Chicago for Pasteur treatment.

More Cartridge Makers Wanted.
EAST ALTON, ILL., Mar. 31.
The Western Cartridge plant, with
3,000 employees already working, needs
several hundred more. Special inter-
urban cars are taking more than 700
men, women and girls daily from Ed-
wardsville to the plant and return.

Conductor and Fireman Killed.
BLOOMINGTON, ILL., Mar. 31.
Conductor Charles Lawler and Fire-
man Herbert Deininger were killed
and Engineer William Johnson was
injured when the Chicago and Alton
engine upon which they were riding
was overturned at Ocoya.

Old Grocer, Old Barber.
MATTOON, ILL., Mar. 31.
C. S. Wittaker, a grocer, celebrated
the sixtieth anniversary of his con-
tinued residence at Mattoon. He has
been shaved by the same barber, Os-
car Perry, for exactly half a century.

All's Fair in Love, Opinion.
SPRINGFIELD, ILL., Mar. 31.
A person swearing falsely to obtain
a marriage license in Illinois does not
perjure himself, officials of the gov-
ernor's office have decided in a case
relating to extradition.

Penalty Measured in Eggs.
EAST ST. LOUIS, ILL., Mar. 31.
Frank Johnson, a New Yorker, who
took a basket of eggs from a buggy at
East St. Louis, was sentenced to a day
in jail for every five eggs he pilfered.
He stole ten dozen.

30-Acre Athletic Field Planned.
URBANA, ILL., Mar. 31.
A new thirty-acre athletic field for
the University of Illinois, upon which
will be erected a new stadium and a
new gymnasium, is the plan of the
board of trustees.

To Get Mills of Concrete Road.
GALENA, ILL., Mar. 31.
One mile of concrete road will be
built in Jo Daviess county this year.
Half of it will be near Galena and the
remainder near Elizabeth.

Java's Coca Trade.
For many years the Dutch colony,
Java, has controlled the market for
cinchona bark, at least so far as the
material used in the manufacture of
quinine is concerned. On a much larger
scale, this fertile island has, of late,
been supplying the demand for coca
leaves, the raw material from which
cocaine is derived.

SUBMARINE CREW MUTINIES

British Patrol Captures Diver With
out a Single Officer Aboard.

London, Mar. 31.—Fifteen nerve-
shaken and exhausted members of a
German submarine crew were interned
in a British camp after surrendering
to a patrol boat in the North At-
lantic.

When the patrol boat picked up the
Germans there was not a single offi-
cer. The prisoners were not inclined
to throw any light upon what took
place before the surrender but it is in-
ferred that a mutiny occurred in
which the men made quick work of
those in command.

BRITISH SINK A SUBMARINE

UC-39, Which Sent to Bottom Nor-
wegian Ship, Is in Turn Destroyed.

London, Mar. 31.—According to a
statement published here regarding
the sinking of the Norwegian steamer
Ida on Feb. 8, the German submarine
UC-39, which sank the Ida, was her-
self recently sunk in the North sea.
The survivors of the UC-39, the
statement adds, are now prisoners of
the British.

WHOLE GERMAN LINE SHELLED BY BRITISH

Berlin Admits New Retirement
Before Allies.

London, Mar. 31.—The British oc-
cupied the villages of Ruyaulcourt,
Sorel-Le-Grand and Flins, and gained
ground after sharp fighting, in the
neighborhood of Heudicourt, where
they took a few prisoners. The Brit-
ish also entered the German lines
Thursday night at two points east of
Neuville-St. Vaast, inflicted casualties
and secured prisoners.

London, Mar. 31.—Further progress
by the British west of Bapaume and a
comparative lull on the French-Ger-
man front marked the situation on the
western front.

The British captured the town of
Ruyaulcourt, thus pushing their lines
to a point eight miles east of Ba-
paupe. On the entire front from Arras
to a point six miles southeast of St.
Quentin, British and German infan-
try is in contact. The Teuton heavy
guns twice launched a terrific drum-
fire on the northern end of the battle
line, indicating infantry assaults.
These were frustrated, however, by
vigorous counter-bombardment by the
British.

Abandonment of Ruyaulcourt was
indirectly admitted by the Berlin war
office which said:
"On both sides of the road from
Flins our protecting troops after an
engagement with stronger British
forces, gave way on the line of Ruy-
aulcourt."

Permit Clerk to Serve Nation.
Terre Haute, Ind., Mar. 31.—A fast
fight formed part of the session of the
city council at Paris, Ill., when Lieut-
enant Carl McKinney, back from the
Mexican border, was restored to the
office of city clerk. Opposition demand-
ing that he should not again vacate
his office to go with his militia com-
pany was resented by a vote of three
to two.

T. R. Hunts Devil Fish.
Danville, Va., Mar. 31.—Colonel
Roosevelt is in fine health and enjoy-
ing a successful hunt for devil fish,
said a telegram from Russell J. Coles,
who is the former president's host in
Florida.

DEMOCRATS NAME CLARK

Entire List of Officers of 64th Con-
gress Are Renominated.

Washington, Mar. 31.—The Demo-
cratic membership of the house of
representatives renominated Champ
Clark for the speakership by acclama-
tion. They then renominated the en-
tire list of Democratic officers who
served in the Sixty-fourth congress.

The Republican select commit-
tee of twenty-seven members, repre-
senting all shades and phases of party
policy, met in the minority caucus
room of the house office building to
frame the slate which was presented
for the consideration of the Republi-
can caucus.

Allies Warn of Raider.
Norfolk, Va., Mar. 31.—Wireless
warnings to British shipping against
possible attack by German subma-
rines in contiguous Atlantic waters
were sent broadcast from allied war-
ships off here. Allied warships, it was
stated, have received orders not to
anchor at night for fear of attack.

Forty Yankees in Teuton Prison.
Copenhagen, Mar. 31.—More than
forty Americans were among the pris-
oners taken to Germany by the Ger-
man commerce raider Moewe, accord-
ing to "Jack" Benson, an American
seaman, who has arrived here. The
Americans, he says, now are held as
prisoners of war in Germany.

Dam Breaks, 20,000 Idle.
Monongahela, Pa., Mar. 31.—Opera-
tions at twenty-nine bituminous coal
mines in the Monongahela valley
have been suspended and nearly 20,
000 men have been thrown out of em-
ployment owing to the low stage of the
Monongahela river, due to a
break in a dam.

Free Woman of Murder Charge.
Denver, Mar. 31.—Mrs. Stella New-
ton Moore Smith, wealthy society
woman, was found not guilty of mur-
dering her husband, John Lawrence
Smith, by a jury here.

FEW AND FAR BETWEEN
A New Yorker tells of a visit to a
barber shop in a small town of the
west. The mayor of the town sat in a
chair next that of the New Yorker,
having his hair cut. The remnants of
the local Grand Army post, thinned
by death and old age, marched past
the shop on the way to a flag raising.
The mayor remarked to the barber,
"Well, they're getting few and far
between now."
"Yes," said the barber, "but you
won't be bald for some time yet."

THE UNIVERSAL CAR

320,817

Have been built and actually delivered to retail buyers since August 1, 1916.
These figures—320,817—represent the actual number of cars manufactured by us
since August 1, 1916, and delivered by our agents to retail buyers.
This unusual fall and winter demand for Ford cars makes it necessary for us to
confine the distribution of cars to those agents only who have orders for immedi-
ate delivery to retail customers, rather than to permit any agent to stock cars in an-
ticipation of later spring sales.
We are issuing this notice to intending buyers that they may protect themselves
against delay or disappointment in securing Ford cars. If therefore, you, are plan-
ning to purchase a Ford car, we advise you to place your order and take delivery
now. Immediate orders will have prompt attention.
Delay in buying at this time may cause you to wait several months.
Enter your order to-day for immediate delivery with the authorized Ford agent
listed below and don't be disappointed later on.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed proposals for the furnishing of the labor and materials for and the construction of vitrified tile pipe sewer with manholes and house connection laterals, for sanitary purposes, in Squires Avenue and Morgan Street, from the manhole heretofore constructed at the center line of Chamberlain Street northerly to a point two hundred thirty (230) feet north of Morgan Street and along the center line of Morgan Street from the center line of Squires Avenue to a point in said Morgan Street (330) feet easterly therefrom, and from the center line of Squires Avenue to a point in said Morgan Street four hundred (400) feet westerly therefrom, in the City of Dixon, Illinois, as provided for in Local Improvement Ordinance No. 183, Series of 1916, of said City of Dixon, will be received by the Board of Local Improvements and the Council of the City of Dixon, until ten o'clock in the forenoon on the 3rd day of April, A. D. 1917, and will be publicly opened by the Mayor of said City of Dixon, (who is president of the Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall on said day of Dixon at ten o'clock in the forenoon of the 3rd day of April, A. D. 1917. Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as stated above, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is for the construction of 1225 1/2 cubic yards of earth excavation and back fill; 1326 linear feet of 8" sewer pipe, (laid); 730 linear feet of 6" laterals, (laid); 4 manholes of brick with cast iron covers and iron steps, as provided for in Local Improvement Ordinance No. 183, Series of 1916, of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by the said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and the Council of the City of Dixon.

A bond of \$1500 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvement and the Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidder at the City Clerk's Office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon, bonds to draw interest at five per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances affecting the cost and nature of the work. Specifications for said work are on file in the Mayor's Office and may also be seen at the Office of the City Clerk of the City of Dixon from and after this date.

The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and the Council of the City of Dixon.

A bond of \$250 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at the City Clerk's Office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon, bonds to draw interest at five per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances affecting the cost and nature of the work. Specifications for said work are on file in the Mayor's Office and may also be seen at the Office of the City Clerk of the City of Dixon from and after this date.

The person to whom the contract for the construction of said improvement is awarded, shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, this 20th day of March, A. D. 1917.

Signed: THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

DO IT NOW

Dixon People Should Not Wait Until It Is Too Late

The appalling death-rate from kidney disease is due largely to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, head aches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. L. Fine, 1006 Peoria Ave., Dixon, says: "I suffered for years from kidney trouble. My headaches and dizzy spells, and that I had to stay in bed. I had head aches and dizzy spells and specks before my eyes. My wrists and ankles also swelled. I procured Doan's Kidney Pills at Prescott & Schildberg, successors to Leake Bros. Co.'s Drug store, and they helped me. They have never failed to give satisfactory results, when I have taken them since."

Free 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Fine had. Foster-Milburn Co., Props., Buffalo, N. Y.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and Council of the City of Dixon, Illinois, and endorsed proposals for the furnishing of the labor and materials for the construction of vitrified tile pipe sewer with manholes, lamp holes, connection laterals and flushing tanks, for sanitary purposes, in Artesian Place from the southerly terminus of the sewer heretofore constructed at the South line of East Second Street to the center of the intersection of said Artesian Place and East Third Street, and in East Third Street from the center of the intersection of Artesian Place and said street easterly along the center line of said street, to a point 170 feet east of Van Epps Avenue, and from the same point westerly along the center line of said street to a point 155 feet west of Jefferson Avenue, in the City of Dixon, Illinois, as provided for in Local Improvement Ordinance No. 186, Series of 1916, of said City of Dixon, will be received by the Board of Local Improvements and the Council of the City of Dixon until ten o'clock in the forenoon on the 3rd day of April, A. D. 1917, and will be publicly opened by the Mayor of said City of Dixon, (who is president of the Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at ten o'clock in the forenoon of the 3rd day of April, A. D. 1917. Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as stated above, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.
 The work for which tenders are invited is for the construction of 2120 cubic yards of excavation; 330 linear feet of 10" sewer pipe, laid; 1325 linear feet of 8" sewer pipe, laid; 920 linear feet of 6" lateral sewer pipe, laid; 4 manholes; 3 lamp holes; 2 flushing tanks, as provided for in Local Improvement Ordinance No. 186, Series of 1916, of the City of Dixon, Illinois.
 Each bid for this improvement must be accompanied by certified

check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by certified check or cash.

Said cash or certified checks will be held by the said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and the Council of the City of Dixon.

A bond of \$2,000 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at the City Clerk's Office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon, bonds to draw interest at five per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plans, plans and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances affecting the cost and nature of the work. Specifications for said work are on file in the Mayor's Office and may also be seen at the Office of the City Clerk of the City of Dixon from and after this date.

The person to whom the contract for the construction of said improvement is awarded shall, before the commencement of work under such contract provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

MAMMA! DON'T YOU SEE YOUR CHILD IS SICK,

Look at tongue! Move poisons from liver and bowels at once

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs" then look and see that it is made by the California Fig Syrup Co."

Pains Split the Head

Don't let the racking torment of a headache or neuralgia spoil your days and nights. Throbbing head-pains should not be endured. Hamlin's Wizard Oil gives quick relief from headache and neuralgia.

Wizard Oil is both a healing and antiseptic liniment. As an antiseptic in guarding against infection it can be relied upon thoroughly.

Always keep a bottle of Hamlin's Wizard Oil in the house. It promptly allays pain in cases of burns, cuts, bruises, sore throat, cold in chest, lame back, lumbago, rheumatism, stiff joints and sore muscles. It contains no harmful drugs, but is composed of the most expensive of healing oils, 25c and 50c at all druggists.

For constipation, biliousness, sick headache, use Hamlin's Wizard Liver Whips to keep your lazy liver in action.
